Hi everyone my name is **Otter**

Yes that's my name and no I'm not pulling your leg hahaha! I am an amazing four year old white and brown Terrier mix, with a wonderful ability to give lots of love and attention. I walk really well on my leash and am crate trained. Did I mention I'm great with other canines and kids? Well I am *Boom! I have been working on my doggy commands and as of right now I know sit and paw... It's a work in progress but with the right kind of treats I'll learn just about anything. I love to be active outside and then crash at home after, so all my active people to the front of the line please. Won't you consider adding me to your family?

Stop by the shelter today and lets make this happen!

GAZZOSA

returns to New Castle

Long before Coca-Cola and other large international soda companies came to dominate the canned and bottled beverage world, many small companies operated locally. Before World War II, Teodore Yacucci operated such a beverage company out of the family home at the southeast corner of 9th and School Streets in Shawtown. Favorite flavors of the day were Grape, Cherry, Orange, and Root Beer. However, Mr. Yacucci had one flavor that was his speciality, brought with him from Italy, that stood out,

Sharon Delli Gotti

Gazzosa. Gazzosa was a very popular carbonated lemon drink that was promoted as a digestive and held by many to be a cure-all for anything relating to the alimentary canal. It remained a favorite in New Castle for years. The rationing of sugar during World War II and the advent of giant bottling companies mass producing 7 Up and Mountain Dew, however, eventually spelled doom for many of these small companies.

Mr. Yacucci's granddaughter, Sharon Delli Gotti, is shown at the recent St. Joseph's Day and New Wine Festival held at St. Peter's School Auditorium, holding a four pack of Gazzosa, imported from Italy. The text on the container goes out of its way to emphasize that **"Our Gazzosa is made with genuine pointed lemons from Amalfi."** If Gazzosa has its own cache as a cure-all, the pointed lemons from Amalfi are placed even higher on the ladder of renown and mystical powers. These lemons that grow to the size of grapefruit, are cultivated on the very steep hills above Amalfi, which means that workers have a laborious climb with a basket on their backs to tend and collect them, giving an even greater mystical power to Gazzosa from Amalfi lemons. In addition to Amalfi lemons, this brand is made using mineral water from a spring in Lurisia in the Piedmont Region of Italy that was discovered in an underground cove by Marie Curie in 1918 that Italians claim to be the purest mineral water in the world. This double whammy of Amalfi lemons and Lurisia mineral water gives this Gazzosa a "Certifacato di Buono Salute."

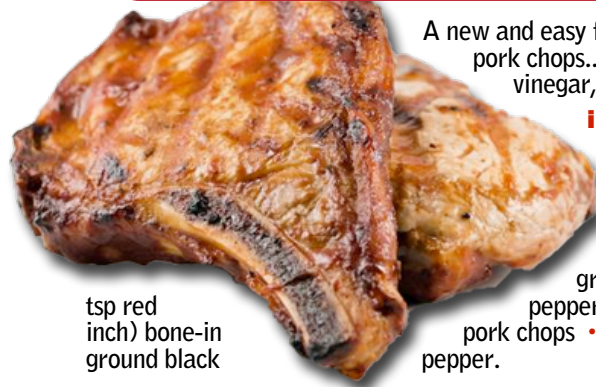

Gazzosa from New Castle is gone, but the wonderful memory of it lives on. If you are lucky enough to get some, "Salute!", "To your Good Health!"

PORKCHOPS ON THE GRILL

A new and easy flavor to try on pork chops...with cider vinegar, honey and cumin.

ingredients

1/4 cup honey • 2 tbsps vegetable oil • 1 tbsp apple cider vinegar • 1 tsp ground cumin • 1/2 pepper flakes • 8 (1/2 - pork chops • Salt and freshly pepper.

tsp red
inch) bone-in
ground black

directions

Begin by making the marinade. In a small bowl, whisk together the honey, oil, vinegar, cumin and red pepper flakes. **Easy, right?**

Sprinkle both sides of the pork chops with salt and pepper and place in a re-sealable plastic bag with the marinade. Let rest on the counter for 1 hour. **That's easy.**

Heat a grill or grill pan over medium heat. Remove the pork chops from the bag and lightly sprinkle with salt and pepper. Place on the grill and cook until the pork chop releases from the grill, about 4 minutes. Flip and cook on the other side for another 3 minutes. If using a grill pan, be sure to do in batches so you don't steam the chops. And don't worry if you have neither; you can do this in a pan.

See, easy!

grapefruit TEQUILA slammer

ingredients

4 oz fresh grapefruit juice
2 oz silver tequila
2 oz lemon lime soda
garnish with additional grapefruit

instructions

Add all ingredients to glass with ice. To get it to fizz up and mix, cover top of glass with your hand and give it a good "slam" against the countertop (wood works better than stone if you enjoy drinks free of broken glass).

enjoy!

Fun Trip To Chanticleer Gardens

Determined garden enthusiasts met and drove up to Chanticleer Gardens on Saturday April 23rd. The drive up was easy. Mother Nature provided the group with some April showers for about the first 20 minutes of our walk through the gardens. Then Mother Nature turned off her sprinkler system and the remainder of our visit was dry. The gardens offered spectacular color, unique combinations of plantings both in the gardens and in containers. The landscaping was a visual treat. The group had an enjoyable lunch at The Great American Pub in Wayne, PA before returning to New Castle. The fellowship of the field trip was wonderful along with bringing home some great ideas to implement in our gardens and containers

Cinco de Mayo

Most people don't know that back in 1912, Hellmann's mayonnaise was still manufactured in England. In fact, the Titanic was carrying 12,000 cases of the condiment scheduled for delivery in Vera Cruz, Mexico, which was to be the next port of call for the great ship after its stop in New York. For reasons of historical interest, the popularity of mayonnaise in Mexico at this time was phenomenal. This would have been the largest single shipment of mayonnaise ever delivered to Mexico. But as we know, the great ship did not make it to New York. The ship hit an iceberg & sank, & the cargo was forever lost.

The people of Mexico, who were fond of mayonnaise, and were eagerly awaiting its delivery, were disconsolate at the loss. Their anguish was so great, that they declared a National Day of Mourning, which they still observe to this day. The National Day of Mourning occurs each year on May 5th & is known, of course,
as Sinko de Mayo.

Cobblestones is growing!

Every Sunday morning, more than 750 "Cobbles" (plus 250+ Facebook followers) receive their weekly dose of New Castle's comings and goings, lite gossip with other good & interesting stuff!

Cobblestones is my "fun" project, a service to the community. There is *no charge* to community organizations for their listings but *donations are welcome*.

Keeping in mind the 'community fun philosophy' Cobblestones is free of political or social issue advertising.

Space for commercial/business ads require a donation of \$50 to cover time and materials. That covers four random insertions.

Checks made to me personally.

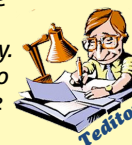

Ads should be a moderate size. A jpg or PDF works the best. Let me know early in the week an approx. size with a final copy Thursday. If it's just a listing for "events", please send me copy as soon as possible.

Personally, I would like to thank everyone for your interest and participation in the growing Cobblestones family. Anything I can do to help, please let me know.

Please be careful...everyone!

The newspaper article begins... "A 14-year-old George Read Middle School student has died after being hit by a car on North Du Pont Highway, near New Castle, on Wednesday afternoon, state police said."

This prompted a regular reader to send me the following message.

"So, so sad.

Believe it or not, I meant to call the George Read Middle School in the last few weeks to alert them to their students running across roads in the middle of blocks, in areas where they had no crossing guards and where traffic moves quickly.

For the second time in a few weeks, last week I was driving on Basin Road, near the school, when a group of students ran from this end of the school property, right in front of me, across Basin Road to the South Penn Acres side. It was unbelievable...they really took chances, causing cars to quickly slow down, hocking horns as they did. This was right at the time the school was dismissing students and where there was safe crossing at the light.

Another needless tragedy."
