Police inform citizens on robberies

Last Monday, August 19th the New Castle Police hosted a community meeting to address concerns and questions regarding the rash of burglaries that were occurring over the past month. Forty plus citizens from the communities around the city with City Council members packed the room. Chief McDerby thanked City Council for their support they gave the department during the investigation.

The police told the audience that 4 to 5 burglaries a month at this time of year was considered normal. When they saw such a dramatic increase an investigation began. Between July 6th

and August 1st eighteen incidents had been reported. Investigators have gathered volumes of information through surveillance, saturation patrols and interviews of numerous persons of interest. As a result of the investigation to date, numerous people who may have been involved in the crimes have been arrested for unrelated offenses.

On July 18th, New Castle City Police Detective apprehended one of those persons in the Old New Castle area who was riding a bicycle that had been stolen from a yard on 3rd Street the morning these burglaries began. Since then there have been three individual arrested and taken off the streets. Citizens were told these thefts are for "easy money" for drugs and not property. Pocketbooks and keys are rarely recovered. The first recommendation was to re-key house locks, and for added safety car ignition, thought it was unlikely this type of thief would return to steal a car. The investigation is still ongoing, and numerous other persons of interest who may have been involved in the crimes, have been either arrested on unrelated charges and/or interviewed, which has recently seemed to have curtailed the break-ins in the Old New Castle area at this point. As a regular precaution, the Police continue to **urge residents to lock their doors and windows and to set home security alarms**, particularly during the evening and early morning hours. Residents encouraged to report any suspicious activity or persons in the area to police by calling 911. Anyone with information regarding the burglaries should contact police at 302-322-9800.

TRUSTEES ELECTION

I've had a rule of not accepting political ads since I was asked two City elections ago. It opens many cans-of-worms. Although the Trustees election is a bit different, I'm going to remain with that policy.

I am going to do a "trustees page" in the **September 22nd issue** and invite all candidates to send me a picture and a small writeup about themselves and why they want to serve on the Trustees.

Trustees Election

Sat., October 19th

The Trustees were established by the Penn family in 1764, prior to the existence of the U.S. As such, by Charter the Trust keeps its own voter list, and residents of New Castle **must be registered** in order to run for or vote in a Trustee election. Voters must be at least 18 years of age on or before the date of the election, and have resided in New Castle for at least one year.

To file as a candidate for the Board, **one must be at least 25 years of age on or before the date of the election, a voter registered on the Trustee list, and a resident of New Castle for at least two years.**

The term of office is twelve years, and the filing fee is \$100 (non-refundable).

Brown was born

one hundred-six years ago this **28th of August**; nineteen-year-old Jim Casey borrowed \$100 from his friend, Claude Ryan, and started a local delivery service in Seattle, Washington. They called it the **American Messenger Company**. Jim's slogan was, "Best service, and lowest rates." The company did well because Jim and Claude stuck to their principles: round-the-clock customer service, courtesy, reliability and low rates. They took these concepts a few steps further, focusing on package delivery for local retail stores, merging in 1913 with Mac McCabe and forming Merchants Parcel Delivery. The company was the first to provide consolidated delivery, placing packages with similar street destinations on one delivery truck. The company's growing fleet of trucks was then managed by Charlie Soderstrom. Charlie selected the dark brown color because of its professional appearance. By the 1920s, the company had grown large enough to expand to Oakland and Los Angeles, California. It wasn't long before it became known as United Parcel Service; 'united' for the consolidated shipments and 'service' because that's what they offered. Today, United Parcel Service "operates an international small package and document network in more than 200 countries and territories, spanning both the Atlantic and Pacific oceans. With its international service, billion people."
