### Christmas Seals®

It all began in 1907

In the early 20th century, tuberculosis was the leading cause of death in the U.S. Physicians were experiencing the first signs of success treating tuberculosis in special hospitals called sanatoriums, and one of those facilities had fallen on tough times. The tiny Delaware sanatorium would have to close its doors if \$300 could not be raised to save it. One of its doctors explained the plight to his cousin, a Red Cross volunteer named Emily Bissell. Bissell was a veteran fundraiser, and she soon came up with a plan based on one that had worked in Denmark: She borrowed money from friends to print the first 50,000 Seals, got permission from the Wilmington postmaster to sell them in the post office lobby, and sold the first Christmas Seal on **December 9, 1907.**

Emily Bissell designed the first holiday seal in 1907 and sold them at the post office for a penny each.
